General Comments: Change Order to Installation Options "Outside Set" request by customer.

Project number: 13572

Where requested by the customer in advance or at the time of installation Itron will remote the endpoint to the outside of a single family residence (or equivalent) 3 feet above grade with new wire. Itron will provide additional wire (up to 25') and gel cap connectors to perform the work. Complex situations such as remoting the endpoint outside of commercial facilities, drilling through concrete (walls/floors), running through chimney chases, etc. are not covered under this change order. The price to Madison shall be $69.50 for each "Outside Set" installation performed. This cost is in lieu of the original work order type for inside set.
