**Re: Application of Northern States Power Company,
a Wisconsin Corporation, for Approval of a Residential
Affordability Program and Request for Deferral**

Docket No. 4220-TU-100

Dear Mr. Stublely:

On February 27, 2023, Northern States Power Company, a Wisconsin corporation and wholly owned subsidiary of Xcel Energy Inc. (the Company or NSPW), submitted an application for approval of a Residential Affordability Program and Request for Deferral. The Company filed comments on March 1, 2024 in response to Commission Staff's memorandum for comment issued on January 26, 2024. In its March 1 Comments, the Company requested a written order before August 1, 2024 in order to implement the program for the 2024-2025 heating season. Considering the remaining regulatory process and the implementation time needed, the Company no longer believes this timeline is feasible. The Company hereby withdraws its application for approval of a Residential Affordability Program and Request for Deferral and requests that Docket No. 4220-TU-100 be closed.

The Company remains supportive of the proposed Residential Affordability Program and committed to addressing energy burden for the lowest income households in northwestern Wisconsin. The Company plans to address residential arrears and affordability in its next base rate case.

Questions may be directed to me at 612-216-5682 or Tyrel.Zich@xcelenergy.com.

Respectfully submitted,

Tyrel J. Zich
Regional Vice President, Regulatory Policy
